

ETAC BEAUTY BACK WASHER

- This ergonomically designed back washer from Etac is a general washing aid for the bath or shower - making it easy to reach and clean the back without adding strain to the arms or shoulders.
- With a body-friendly curved design, the oval-shaped handle is specially designed to support a secure two hand grip for people with limited strength or limited reach.
- The replaceable washcloth does not absorb water, keeping the washer light and balanced even when wet.
- The cloth can easily be removed and machine washed for additional hygiene. Replacement washcloths are available, ensuring you can keep your back washer fresh and ready to use.
